## Meketa Investment Group Hires Director of Public Markets Manager Research

**BOSTON – January 20, 2021** – Meketa Investment Group (Meketa), a global investment consulting and fiduciary management (OCIO) firm, today announced the hiring of Amy Hsiang as Director of Public Markets Manager Research, effective January 19. Ms. Hsiang will be based in the firm’s Portland office.

“We are very pleased to welcome Amy to Meketa,” said Stephen McCourt, Managing Principal and Co-Chief Executive Officer at Meketa. “With her deep industry experience, Amy is ideally suited for this senior research role. We look forward to Amy leading the execution of goals for the manager research department and ensuring the efficient operation of Meketa’s public markets manager research solutions.”

In addition to her director role, Ms. Hsiang will chair Meketa’s Marketable Securities Investment Committee. She will report to Mr. McCourt and Co-CEO Peter Woolley.

Prior to joining Meketa, Ms. Hsiang was the Head of Fixed Income and Alternative Credit at RVK, Inc. She previously served as an Account Manager at PIMCO. Ms. Hsiang earned an MBA from Harvard Business School and a BA in Economics from the University of Chicago.

“I am delighted to be joining an industry-leading firm with such deep public markets research capabilities,” said Amy Hsiang. “I look forward to working with my Meketa colleagues, helping to provide the firm’s institutional investor clients with sound, informed guidance on public market strategies.”

Additionally, Ms. Hsiang’s hire comes as part of a well-thought-out succession plan where, effective January 19, Mitch Dynan, the firm’s former Director of Public Markets Manager Research, will assume the role of Research Consultant. Mr. Dynan will step back from his Director role in order to more fully focus on the consulting responsibilities he enjoys most: manager research and client service. He will continue to be a member of the firm’s Marketable Securities Investment Committee. Further, Meketa’s Josh Brough and Mark McKeown will be assuming newly created leadership roles as Head of Equity Research and Head of Fixed Income Research, respectively. Mr. Brough formerly served as a Research Consultant, focusing on US equities, while Mr. McKeown was formerly a Research Consultant, focusing on investment grade fixed income and emerging markets fixed income.

“This new structure will maintain continuity within Meketa’s strong existing public markets manager research team, while allowing us to continue efficiently expanding the scale and scope of our research services and offerings in the future,” said Mr. Woolley. “We congratulate Josh and Mark on their well-deserved promotions. We also thank Mitch for his many years of leadership at Meketa and look forward to his continued contributions to our manager research efforts and ongoing work with our clients.”

### **About Meketa**

Founded in 1978, Meketa is an employee-owned, full service investment consulting and advisory firm. As an independent fiduciary, the firm serves institutional investors in non-discretionary and discretionary capacities. Meketa’s collective client assets under advisement represent approximately \$1.4 trillion. For more information, please visit [www.meketa.com](http://www.meketa.com).
