

Meketa Investment Group to Host April Virtual Public and Private Markets Emerging & Diverse Manager Research Day

BOSTON, March 3, 2021 – Meketa Investment Group (Meketa), a global investment consulting and fiduciary management (OCIO) firm, today announced its eighth virtual Public and Private Markets Emerging & Diverse Manager Research Day, which will take place on Wednesday, April 28, 2021. To date, Meketa has hosted seven emerging and diverse manager research events; this will be the fifth year in a row the firm has hosted such an event.

Highly experienced in working with such organizations, Meketa will host the event to further expand the firm's professional relationships with emerging, minority-owned, women-owned and disabled-owned business enterprise ("MWDBE") investment managers. Meketa defines the emerging managers category within public markets as firms with majority employee ownership and fewer than \$2 billion in assets under management ("AUM"). Furthermore, firms must not have exceeded \$5 billion in AUM nor have been in business for over 10 years. Within private markets, Meketa considers emerging managers to be those in the process of raising their first, second, or third fund. Meketa defines diverse managers as firms with majority ownership by women, minorities, and/or people with a disability. There is no limit on AUM size or tenure in business for MWDBE firms.

Each participating manager will meet virtually with a Meketa research analyst or consultant to introduce their firm and investment strategies. Managers meeting the above criteria, with whom Meketa has not met in the past two years, are eligible to participate.
