

Meketa Investment Group to Host Virtual October Public and Private Markets Emerging & Diverse Manager Research Day

BOSTON, August 17, 2022 – Meketa Investment Group (Meketa), a global investment consulting and fiduciary management (OCIO) firm, today announced its Public and Private Markets Emerging & Diverse Manager Research Day, which will take place on Wednesday, October 26, 2022. This will be Meketa's eleventh emerging and diverse manager research event over the last six years.

Highly experienced in working with such organizations, Meketa will host the event to further expand the firm's professional relationships with emerging, minority-owned, women-owned and disabled-owned business enterprise ("MWDBE") investment managers. Meketa defines emerging managers within public markets as firms with majority employee ownership and fewer than \$2 billion in assets under management ("AUM"). Furthermore, firms must not have exceeded at any time the \$5 billion level in AUM nor have been in business for over 10 years. Within private markets, Meketa considers emerging managers to be those in the process of raising their first, second, or third fund. Meketa categorizes diverse managers as firms with majority ownership by women, minorities, and/or people with a disability. There is no limit on AUM size or tenure in business for MWDBE firms.

Each participating manager will meet virtually with a Meketa research analyst or consultant to introduce its firm and investment strategies. Managers meeting the above criteria, with whom Meketa's research team has not met in the past two years, are eligible to participate.

To register for Meketa's virtual Public and Private Markets Emerging & Diverse Manager Research Day please visit: <https://meketa.research.net/r/L89WHKS>. Participants will receive additional information upon registration. Please note there is no cost to attend. Registration is limited.
